Index of authors and papers, Vol. 19 (1989)

Allen, D.G.: *see* Bolland et al.
Amberger, A.: *see* Germann-Bauer et al.

Bacon, P.E. and Davey, B.G.: Nutrient availability under trickle irrigation—phosphate fertilization 159
Béruff, M.A.: *see* Morel et al.
Biswas, C.R.: *see* Saroa et al.
Blair, G.J.: *see* McCaskill et al.
Bolan, N.S. and Hedley, M.J.: Dissolution of phosphate rocks in soils. 1. Evaluation of extraction methods for the measurement of phosphate rock dissolution 65
Bolland, M.D.A., Allen, D.G. and Gilkes, R.J.: The influence of seasonal conditions, plant species and fertilizer type on the prediction of plant yield using the Colwell bicarbonate soil test for phosphate 143
Braithwaite, A.C., Eaton, A.C. and Groom, P.S.: Some factors associated with the use of the extractants 2% citric acid and 2% formic acid as estimators of available phosphorus in fertiliser products 175

Chapman, S.L.: *see* Mosier et al.
Chauhan, H.S. and Mishra, B.: Ammonia volatilization from a flooded rice field fertilized with amended urea materials 57
Chien, S.H.: *see* Hammond et al.
Chien, S.H.: *see* Menon et al.
Christianson, C.B.: Ammonia volatilization from urea nitricphosphate and urea applied to the soil surface 183
Ciavatta, C. and Sequi, P.: Evaluation of chromium release during the decomposition of leather meal fertilizers applied to the soil 7

Davey, B.G.: *see* Bacon et al.

Eaton, A.C.: *see* Braithwaite et al.

Fardeau, J.C.: *see* Morel et al.
Freney, J.R.: *see* Mosier et al.

Germann-Bauer, M.P. and Amberger, A.: Degradation of the nitrification inhibitor 1-amidino-2-thiourea in soils, and its action in Nitrosomonas pure culture and soil incubation experiments 13
Gilkes, R.J.: *see* Bolland et al.
Groom, P.S.: *see* Braithwaite et al.
Guckert, A.: *see* Morel et al.

Hammond, L.L., Chien, S.H., Roy, A.H. and Mokwunye, A.U.: Solubility and agronomic effectiveness of partially acidulated phosphate rocks as influenced by their iron and aluminium oxide 93
Hammond, L.L.: *see* Menon et al.
Hedley, M.J.: *see* Bolan et al.

Henao, J.: *see* Menon et al.

Jessop, R.S., Sparke, M.C. and Sale, P.W.G.: Phosphorus fertilizer response in narrow-leafed lupin (*Lupinus angustifolius* L.) and chickpea (*Cicer arietinum*) compared to wheat (*Triticum aestivum*) in early growth 1
Jordan, C.: The effect of fertiliser type and application rate denitrification losses from cut grassland in Northern Ireland 45

McCaskill, M.R. and Blair, G.J.: A model for the release of sulfur from elemental S and superphosphate 77
Manning, A.: *see* Rhoads et al.
Menary, R.C.: *see* Reddy et al.
Menon, R.G., Chien, S.H., Hammond, L.L. and Henao, J.: Modified techniques for preparing paper strips for the new Pi soil test for phosphorus 85
Mishra, B.: *see* Chauhan et al.
Mohanty, S.K.: *see* Patel et al.
Mokwunye, A.U.: *see* Hammond et al.
Morel, J.L., Fardeau, J.C., Béruff, M.A. and Guckert, A.: Phosphate fixing capacity of soils: A survey, using the isotopic exchange technique or soils from north-eastern France 103
Mosier, A.R., Chapman, S.L. and Freney, J.R.: Determination of dinitrogen emission and retention in floodwater and porewater of a lowland rice field fertilized with ^{15}N-urea 127
Murthy, K.V.S.: *see* Sahrawat et al.

Panda, D.: *see* Patel et al.
Pardhasaradhi, G.: *see* Sahrawat et al.
Patel, S.K., Panda, D. and Mohanty, S.K.: Relative ammonia loss from urea-based fertilizers applied to rice under different hydrological situations 113
Prasad, R.: *see* Singh et al.
Prins, M.W.J. and Raats, P.A.C.: Penetration depth of broadcast urea granules in puddled wetland rice soils 29
Prins, W.H. and Rauw, G.J.G.: Use of large granular urea (LGU) to improve efficiency of broadcast urea in wetland rice cultivation 21

Raats, P.A.C.: *see* Prins et al.
Rauw, G.J.G.: *see* Prins et al.
Reddy, K.S. and Menary, R.C.: Effects of nitrogen source, rate and application time on boronia (*Boronia megastigma* Nees) leaf nitrogen and flower production 169
Rhoads, F.M. and Manning, A.: Soybean, corn, and wheat yields with variable soil pH on Plinthic Acrisols 137
Roy, A.H.: *see* Hammond et al.

Sahrawat, K.L., Pardhasaradhi, G. and Murthy, K.V.S.: Evaluation of distilling the entire digest or an aliquot for total nitrogen determination in soil digests 39
Sale, P.W.G.: *see* Jessop et al.
Sequi, P.: *see* Ciavatta et al.
Sharma, S.N.: *see* Singh et al.
Singh, S., Prasad, R. and Sharma, S.N.: Growth and yield of rice as affected by spacing, time and depth of placement of urea briquettes 99
Sparke, M.C.: *see* Jessop et al.
